

We're here to help.

VSP® Vision Care is doing everything we can to help those affected by the extensive wildfires ranging in various California counties. This includes you, and your employees.

What are we doing?

We're working directly with our network doctors, business partners, and relief agencies, including the American Red Cross, to best support and fulfill the eye care needs of those directly affected.

What can you do?

Spread the word. Let your employees, family and friends know VSP Vision Care will help them replace their eyewear. Here's how:

- **VSP Members get their benefits reinstated**

Any VSP member who has lost or broken their eyewear or is in need of eye care services due to recent natural disasters can call our VSP Member Services Support Line at [800.877.7195](tel:800.877.7195) to have their VSP benefits reinstated—regardless of eligibility.

- **Non-VSP members get access to free eye care and glasses**

If you, your friends or family are in need of eye care due to recent disasters who are not VSP members, contact the local [American Red Cross](#) or call [800.RED.CROSS \(800.733.2767\)](tel:800.RED.CROSS) to request a VSP Global Eyes of Hope® gift certificate to use for no-cost eye care and glasses at a local VSP network doctor's office.

For regular updates about relief efforts, our gift certificate program, or how you can help, visit our website at vspglobal.com/disasteroutreach.

Sincerely,

VSP Vision Care
